GREAT AMERICAN REMEDY,
VEGETABLE DYSPEPSIA BITTERS,
a sure, speedy and permanent cure for Dyspepsia in its worst forms. This medicine will be found to cure all complaints arising from disorders of the stomach and bowels, biliousness, yellowness of the skin, Liver complaints, Debility, Headache, Nervousness, Low Spirits, Palpitation of the Heart, Costiveness, &c., &c. Please read the following certificates:

Read the following from an eminent physician:

The undersigned being acquainted with some of the ingredients of Hutchings' Vegetable Dyspepsia Bitters, and having used it for some time in his practice with every desired effect, he recommends this medicine from the certainty of its effect, and gives it a preference over all preparations in medicine for that distressing complaint, Dyspepsia.

T. HARDENBERGH, M. D.,
No. 1 Beach street, N. Y.

From Luther A. Wyman, Esq., late President of New York [illegible] of Brooklyn.

The undersigned was afflicted with Dyspepsia of the worst form for one year and a half, during a greater portion of which time he made use of no remedies, but suffered the disease to take care of itself, until he was recommended to try Hutchings' Dyspepsia Bitters; he very soon derived benefit from the use of a few bottles of this medicine and now considers himself entirely well.

The undersigned has every confidence in the efficiency of Hutchings' Bitters for the cure of this troublesome and dangerous complaint; and he has no hesitation in recommending it as a most valuable medicine.

L. B. WYMAN,
N. York, Sept. 3, 1849 38 Burling Slip.

The following certificate is from Mr. Brady, the celebrated Daguerreotypist:

Having been afflicted very severely with Dyspepsia, together with extreme weakness he was advised to take Hutchings' Dyspepsia Bitters, and have every reason to believe it has perfectly cured me. I have felt no symptoms of a return of the disease and believe from the effect it had on me that it will cure the worst cases of Dyspepsia.

M. B. BRADY,
No. 205 Broadway, N. Y.

The Proprietor of this medicine has received many other certificates of cures, equally remarkable, of the various diseases for which this preparation is applicable; but the above are deemed necessary to satisfy any unprejudiced mind of its value and superiority above all other preparations.

Principal office, 122 Fulton-st., N. Y., up stairs.

Price 50 cents per bottle, or 6 bottles for $2,50.

LITTELL'S LIVING AGE,
E. LITTELL & Co., cor. of Tremont and Bromfield streets, Boston.

This work is conducted in the spirit of Littell's Museum of Foreign Literature, (which was favorably received by the public for twenty years,) but as it is twice as large, and appears so often, the editor not only gives spirit and freshness to it by many things which were excluded by a month's delay, but while thus extending his scope and gathering a greater and more attractive variety, is able so to increase the solid and substantial part of his literary, historical, and political harvest, as fully to satisfy the wants of the American reader.

The elaborate and stately [illegible] and Blackwood's noble criticisms on Poetry, his keen political Commentaries, highly wrought Tales, and vivid descriptions of rural and mountain Scenery; and the contributions to Literature, History, and Common Life, by the sagacious Spectator, the sparkling Examiner, the judicious Athenæum, the busy and industrious Literary Gazette, the sensible and comprehensive Britannia, the sober and respectable Christian Observer; these are intermixed with the Military and Naval reminiscences of the United Service, and with the best articles of the Dublin University, New Monthly, Fraser's, Tait's, Ainsworth's, Hood's, and Sporting Magazines, and of Chambers' admirable Journal. He does not consider it beneath his dignity to borrow wit and wisdom from Punch; and, when he thinks it good enough, makes use of the thunder of the Times.

The steamship has brought Europe, Asia, and Africa, into our neighborhood; and will greatly multiply our connections, as Merchants, Travellers, and Politicians, with all parts of the world; so that much more than ever it now becomes every intelligent American to be informed of the condition and change of foreign countries. And this not only because of their nearer connection with ourselves, but because the nations seem to be hastening, through a rapid process of change, to some new state of things, which the merely political prophet cannot compute or foresee.

Geographical Discoveries, the progress of Colonization, [which is extending over the whole world,] and Voyages and Travels, afford favorite matter for his selections; and, in general, the editor systematically and very fully acquaints his readers with the great department of Foreign affairs, without neglecting our own.

While the Living Age is desirable to all who to keep themselves informed of the rapid progress of the movement—to Statesmen, Divines, Lawyers, and Physicians—to men of business and men of leisure,—it will be found to be equally attractive and useful to their wives and children. It is indispensable to every well-informed family. We say indispensable, because in this day of cheap literature it is not possible to guard against the influx of what is bad in taste and vicious in morals, in any other way than by furnishing a sufficient supply of a healthy character. The mental and moral appetite must be gratified.

By "winnowing the wheat from the chaff," by providing abundantly for the imagination, and by a large collection of Biography, Voyages and Travels, History, and more solid matter, a work is produced, well calculated for universal popularity, and to raise the standard of public taste.

This excellent work is published every Saturday, by E. LITTELL & Co., Boston, who supply orders by mail from all parts of the country. Remit any sum to them, and they will send the work to that amount. Each number makes a handsome pamphlet of 48 pages double col' octavo. Price, 12 1-2 cts.,—or by the year, six dollars. We add to our own recommendation, what our readers will value infinitely more, a letter from the late Ex-President J. Q. Adams:—

"WASHINGTON, 27th December, 1845.

Of all the Periodical Journals devoted to Literature and Science which abound in Europe and this country, this has appeared to me to be the most useful. It contains indeed the exposition only of the current literature of the English language, but this by its immense extent and comprehension includes a portraiture of the human mind in the utmost expansion of the present age.

J. Q. ADAMS."

From the Boston Chronotype.

Consumption is the great curse of our northern latitude. It is the blight of domestic felicity and the despoiler of beauty. It robs the cheek of its healthful bloom, the mind of its serenity, and the eye of its brilliancy. It wastes the form, dims the intellect, and plunges its victim into an early grave. The young and old, the serious and the gay, the city belle and the country lass, are alike its prey and its victims. Blessings on the man, then, whose genius and research furnished us weapons to bid defiance to this "Dweller of the Threshold!" He merits the applause and gratitude of ages—he shall have ours, at least.

WRIGHT'S INDIAN VEGETABLE PILLS SUGAR FROSTED!—The Proprietor of this popular Family Medicine thankful for the extensive and increasing favor with which it is received, and feeling desirous of making every improvement in his power, begs leave to announce, that he has added an OUTSIDE FROSTING to the pills, of pure White Sugar, whereby everything disagreeable to the taste or smell is entirely removed, without the smallest degree affecting, in other respects, the excellent qualities of the medicine. The want of an innocent and convenient medium of disguising the Pills, so generally felt, is thus supplied, and it is confidently anticipated that the frosting will prove highly acceptable to the public. The occasional use of medicine is a matter of necessity with the great majority of mankind. Whatever, therefore, is done to remove its disagreeable associations, is a public benefit. The value of Wright's Indian Vegetable Pills is well understood. Innocent and efficacious, free from minerals of every description, and adapted to the circumstances and condition of life, they are esteemed beyond all other remedies, as the greatest family medicine of the day. The frost-covering is an addition intended merely to conceal the taste and smell. These Pills will also continue to be prepared without the frosting, as heretofore, so that all who prefer them in their original state, may still be accommodated.

GENERAL DIRECTION.—The ordinary dose for a grown person is from two to four Pills; but in cases of violent pain, in any part of the day, the medicine should be taken in large doses, and repeated every night on going to bed, (or oftener if the suffering is great,) until pain, or distress of every kind is removed; after which, the medicine should be taken merely with a view to keeping the bowels regular which will in a short time restore the body to a state of sound health.

For more particular directions, see the circular accompanying each box.

CAUTION TO THE PUBLIC.
IT is now some eight years since the Tea Business, as an exclusive business, was commenced by Fletcher & Co., in this city, during which time the Establishment has flourished beyond expectation. They have furnished their customers with both Teas and Coffees at prices less than other dealers could buy,—which has caused numberless imitations of their stores, some of which imitations have closed; others are still lingering on, using our name, and by this means imposing upon the public; and it is to prevent this

GROSS DECEPTION,

that the New England Tea Company, of Boston have determined to change the name of their store in Providence, which will henceforth be known by the name of the NEW ENGLAND TEA COMPANY.

☞ Remember that the only Stores of the Old Original Tea Company are at 51 Westminster Street, Providence, and 130 Washington Street, Boston, and are distinguished by the name of the NEW ENGLAND TEA COMPANY.

NEWPORT,

BY CRANSTON & NORMAN,
127 Thames Street.

THURSDAY MORNING, DEC. 19, 1850.

☞ The sixth lecture before the Mechanics' Association will be delivered this evening, by the Rev. John Lord. His subject is, "Gustavus Adolphus, King—the thirty years' war, or the political consequences of the Reformation." This is decidedly the most interesting theme of Mr. Lord's course, and we have more curiosity to hear what he has to say under this head than of any of the others. He closed his last lecture with a eulogy on the *religious* effects of the Reformation; and now he will express his opinion as to the political results which have been obtained by the world in consequence of that great warfare against the Church of Rome. We hope to hear his views of Cromwell, the latter's participation in the trial of Charles First, the lawful King of England, who was rather a weak than a bad man,—his signing the death-warrant of Charles—his *religious* warfare against Church and State, until *he* was declared "LORD PROTECTOR of the Commonwealth of England, Ireland and Scotland,"—a place which probably suited him better than the ancient chair of St. Peter at Rome,—his despotic dissolution of Parliament—his declaration that he would make the name of Englishmen as great abroad, "*as ever that of a Roman had been.*" His permission of the punishment of James Naylor, the poor Quaker, who was placed in the pillory, had his tongue bored through with a red-hot iron, and his forehead branded, on account of his *religious* opinions—the persecution of the Muggletonians, Unitarians, &c., all of which took place while he was Lord *Protector*,—in other words, as absolute a Monarch as ever sat on the throne of England, and in our opinion a worse man than his predecessors, whose death-warrant he signed, in order to make room for himself.

We shall not anticipate Mr. Lord, at this time, but shall reserve what we have to say, until after the lecture has been delivered,—simply remarking that vastly more was gained, politically than spiritually, in an opinion, by the Reformation. Although Martin Luther professed to carry on only a religious warfare against the Church, yet he was not alone in the battle; he had his associates and confederates, who were prosecuting [illegible]—Revolution in the affairs of State, quite as zealously as Luther was making war upon the Pope's spiritual power,—and their efforts were by no means unsuccessful. The political effects of the Reformation were not as speedily felt as were the religious; in all ages of the world men have been, at least, negligent of religious obligations, when they hesitated much longer about taking any overt political step, because the policy of the Church ever has been to be merciful, particularly to the erring, —while the grand maxim of the civil law is and ever has been that ignorance is no excuse for its violation.

This whole subject is a vast one, and although it is of such momentous importance to all, yet there is hardly any topic upon which the great body of the people are and always have been so ignorant. It is a matter upon which the mass cannot argue, because they do not possess the necessary information which will enable them to reason understandingly upon it; they have not the time, or patience or qualifications to ponder over and wade through whole libraries of books, in order to get at the truth, and to sift it from the vast amount of error in which it is hidden,—and by none others more constantly, ingeniously and successfully than by the Reformers.—In these enlightened days, we hear Protestant Clergymen denouncing the Roman Church by wholesale, representing her, most unqualifiedly, as a hydra-headed monster, in whom no virtue ever existed, and from whom no noble thought or deed ever emanated. They represent the Popes as the veriest personification of all sin—the Priests as the living sepulchres of the darkest corruption and infamy, the Monks as vile crawling monsters of licentiousness, and Monasteries as earthly hells. Now this kind of nonsense and stuff has had a most powerful effect upon weak minds, it has even sent *conviction* to those more learned in some matters. But after all, it is merely Priestcraft Artillery; it is the manner in which thousands of Protestant clergymen are *serving* God, and bearing glad-tidings of Salvation to a lost and ruined world. It is carrying out the precepts of Christ, *as they profess to understand them*, and inculcating what they pretend to believe to be the spirit of the Sermon on the Mount. It is hardly possible to listen to a Protestant Clergyman without hearing him denounce the Roman Church in the bitterest and most uncharitable manner; suppose the members of the latter are in error, do the former manifest a *Christian* spirit, in thus harshly denouncing them, particularly while they, the Protestants, profess to be carrying out what is contended are the great cardinal principals of the Reformation? There is vastly more bigotry, more sectarianism, more unmitigated hatred in the Protestant Church than in that of Rome, at the present day. The Protestant Church is divided and subdivided into numberless denominations, while Rome stands on the Faith which she professed in the days of the Apostles. It is very rare to hear of a conversion *from* Rome, yet the instances are daily increasing of conversions *to* Rome, many, very many of whom are from the Church of England, Rome's refractory offspring. The Romish Church is progressing rapidly, and she has just taken a broad stride by the re-establishment of her ancient power in old England, in the very face of the Queen, who is the great head of Church and State. England is wild with excitement on the subject—the Bishops are alarmed—the Clergy are astonished, and the Laity are wondering. They know not what to do; yet Rome is firm and calm. Dr. Wiseman is already installed in his Bishopric, and here are the contending parties—Bishops against Bishops in old England. Who is to triumph? Hence arises the question, what are the ultimate blessings of the Reformation? If the See of Rome maintains its power in England, England's Church is in the most imminent danger; and when England's Church falters and crumbles, her aristocracy is demolished,—and when this is done, her throne is gone from her hereditary Kings, and she will pay homage again to the Successor of St. Peter; and the imperial crown, instead of being imposed by the Archbishop of Canterbury, will then be conferred by authority of His Holiness the Pope, who will give both civil and religious existence to England, who will have returned to her first love. Verily the *Reformation* will then be *progressing backwards*. Past history we can read; Time alone can develope the future, although it is a true maxim that coming events often cast their shadows before.

We hope to see a full house to hear Mr. Lord, this evening, at Bellevue Hall.

☞ We have much pleasure in being authorised to state that a new and elegant octavo edition of the Hon. Daniel Webster's works, in 6 or 7 volumes, will shortly appear, edited by the Hon. [illegible] Speeches, Diplomatic Correspondence, Literary Addresses, and principle Legal Arguments. A more important contribution was never rendered to our National Literature, and an immense circulation will be given to a work which every American will wish to possess. Its circulation will not be confined to this country, but it will go and be read wherever a great mind is appreciated; and it will ever be regarded as a most valuable standard work, from the pen of him who possesses the most powerful mind of any man in the present age.

☞ Thomas W. Dorr can restore himself to his full civil and political privileges, without any legislation, whenever he will take the same oath of allegiance that every officer is required to take.—*Prov. Journal.*

Mr. Dorr is not an officer, but merely aspires to be a citizen, and citizens do not take oaths until they take office.—*Bost. Post.*

In order to have his aspirations gratified, he will have to take the oath of allegiance, because he has been convicted of Treason, which, by the laws of all lands, deprives a man of the rights and privileges of citizenship.

Sidney Smith, in London, was shown a lump of American ice, upon which he remarked, "that he was glad to see anything solvent come from America."

A TALL ONE.—The Boston Traveller of Saturday notices the arrival from St. John of a young man seven feet four and a half inches high, fifty-six inches circumference round the breast, and weighing 356 pounds. He is a Scotchman, aged nineteen, but for some time past a resident of Nova Scotia.

BY TELEGRAPH.

WASHINGTON, Dec. 17—1 P. M.

SENATE.—After the usual opening business, Mr. Foote presented the resolutions passed by the Legislature of Mississippi, censuring him severely for the course pursued by him on the compromise measures of the last session.

Mr. Foote said that the Legislature had entirely mistaken the public sentiment upon these matters, and next Fall would show it.

Mr. Jefferson Davis moved that the resolution be read and the printing ordered, which was agreed to.

The printing of 10,000 extra copies of the report of the Secretary of the Treasury was ordered.

The chairman of the military committee reported bills to refund to the State of South Carolina the monies spent by her during the Florida war. Also to establish a Western armory.

Mr. Gwinn, of California, offered a resolution to print the President's message in the Spanish language.

Mr. Walker moved that it also be printed in the German and Norwegain languages.

A debate sprang up and is now going on.

House.—The House met at 12 M.

Mr. Morse, of Louisiana, announced in a feeling manner the death of his late colleague Mr. John R. Harmonson, which occurred on the 25th of October last in New Orleans.

After passing a brief eulogy on the life and character of the deceased, the usual resolutions were offered and adopted, when the House adjourned until Wednesday.

WASHINGTON, Dec. 17.

The concert of Jenny Lind at the National Hall last evening was crowded to overflowing. Among those present were President Fillmore and family, heads of departments and their families, and also many members of both branches of Congress. The concert passed off brilliantly.

The Washington papers of this morning contain President Fillmore's proclamation, declaring the Texas boundary bill, passed at the last session and accepted by the Legislature a law.

The receipts of Jenny Lind's concert last evening were $10,000.

CHARLESTON, Dec. 16th.

It is the general opinion that the House will agree to the resolution passed by the Senate for a state convention to be held in December next—the delegates to which are to be chosen in October. There is a motion pending in the Senate to call back the Convention [illegible]

Among the articles at the industrial exhibition at London in 1851, will be a garland of artificial flowers, which will not be less than 1851 feet in circumference, and will contain 1851 varieties of flowers and fruits. This monstrous garland will be composed of materials from all the manufacturers of flowers in the English metropolis and the counties. It will be dedicated to Prince Albert to the Duches of Sutherland, the Countes of Carlisle, the royal commissioners and all the subscribers who have contributed to this project. It will be enclosed in a glass case on the sides of which will be inscriptions to commemorate the exhibition.

Dr. J. V. C. Smith writes to the Boston Medical add Surgical Journal, under the date of Alexandria, that all the flags of Egypt were kept at half mast for three successive days when the death of General Taylor was announced in that country.

Mr. Calhoun's Manuscripts are to be purchased for the South Carolina Legislature, for the sum of $10,000.

A correspondent of the Journal of commerce states, apparently on information from South Carolina through a private channel, that an offer has been made to an officer at Old Point Comfort to give him the command of the State Artillery with a salary equal to a Brigadier General in the United States service.

Mrs. Partington says that nothing despises her so much as to see people who profess to except salvation, go to church without their purses when a recollection is to be taken.

MAGIC.—It is said that Blitz, Wyman and other magicians, have not only passed their magic wands over the senses of the people, but also over their purses. Signor Blitz is estimated to be worth about $45,000; Wyman $60,000; Herr Alexander $25,000; Monsieur Adrian $20,000, and Harrington $20,000, all made by their "tricks of trade."

☞ The steamer Bay State has been repaired, and took her place on the Sound, on Thursday night.

☞ A correspondent of the Boston Atlas, speaking of a recent reception at the White House, says,—

Mrs. Fillmore held her first public levee at the Executive mansion on Friday evening. It was a brilliant affair, and one of the pleasantest reunions of the kind I ever attended. The doors were thrown open to all who chose to participate, and few hesitated to avail themselves the opportunity. The assemblage was promiscuous, but well assorted; as much so, perhaps, as those dressed and selected for some special and exclusive occasion. The foreign ministers shone in all their dazzling blazonry of gold and silver, and the ladies (bless them,) not to be outdone in gilt and ornament, had their faces bedaubed to an excessive degree with colors of an equivalent quality. The Cabinet, with Mr. Webster at the head, passed through the ceremony with admirable bearing. The levee passed off charmingly. Mrs. Fillmore did the honors in a manner creditable to herself and her position, and Miss Fillmore was not less the object of gratifying remark.

AYER'S CHERRY PECTORAL.
For the Cure of
COUGHS, COLDS,
HOARSENESS, BRONCHITIS, WHOOPING-COUGH AND CONSUMPTION.
This truly valuable Remedy for all diseases of the Lungs and Throat, has become the chief reliance of the afflicted as it is the most certain cure known for the above complaints. While it is a powerful remedial agent in the most desperate and almost hopeless cases of Consumption, it is also, in diminished cases, one of the mildest and most agreeable family medicines for common coughs and colds. Read below the opinion of men who are known to the world, and the world respect their opinions.
FROM PROFESSOR HITCHCOCK.
"James C. Ayer—Sir: I have used your "CHERRY PECTORAL," in my own case of deep-seated Bronchitis, and am satisfied from its chemical constitution that it is an admirable compound for the relief of laryngial and bronchial difficulties. If my opinion as to its superior character can be of any service you are at liberty to use it as you think proper.
EDWARD HITCHCOCK, L. L. D.,
President of Amherst College.
From the "LONDON LANCET."
"AYER'S CHERRY PECTORAL is one of the most valuable preparations that has fallen under our notice. After a careful examination, we do not hesitate to say we have a large appreciation of its merits and the fullest confidence in its usefulness for coughs and lung complaints."
Dr. Brewster, of Windham Co., Conn., sends us the following testimony,—
Dr. J. C. Ayer—Dear Sir:—I enclose you a certificate from Mrs. Catherine K. Cady, a highly respectable lady of this village, wife of Mr. Seth Cady, Deputy Sheriff, Windham Co., Connecticut. The cure in her case was very prompt, and has attracted general attention.
W. A. BREWSTER, M. D.
WEST KILLINGLY, Ct., Sept. 28, 1848.
This may certify that I was afflicted with a very severe cough in the winter of '47 8, which threatened to terminate in Consumption. I had tried many medicines in vain and was cured by the use of "AYER'S CHERRY PECTORAL."
CATHERINE K. CADY.
DIRECT EVIDENCE.
Dr. J. C. Ayer, Lowell—Dear Sir:—Feeling under obligations to you for the restoration of my health, I send you a report of my case, which you are at liberty to publish for the benefit of others. Last autumn I took a bad cold, accompanied by a severe cough, and made use of many medicines without obtaining relief. A friend gave me a bottle of your CHERRY PECTORAL the use of which I immediately commenced according to directions. I now sleep well, my cough has ceased, and all by the use of your medicine.
E. S. STONE, A. M.
Principal Mt. Hope Seminary.
From Dr. Bryant, Druggist and Postmaster, Chicopee Falls, Mass:—
Dr. J. C. Ayer—Dear Sir:—Enclosed please find remittance for all the CHERRY PECTORAL last sent me. I can unhesitatingly say, that no medicine we sell gives such satisfaction as your's does; nor have I ever seen a medicine which cured so many cases of Cough and Lung Complaints. Our Physicians are using it extensively in their practice, and with the happiest effects. Truly yours, D. M. BRYANT.

THE FIRST CHURCH IN PROVIDENCE.
[illegible]
ATTEMPTED to be shown by the Rev. S. Adlam, Pastor of the first Baptist Church in Newport, R. I. Such is the title of a phamphlet which is now in press and will be published in a few days; this most conclusively proves that the Church in Providence is not the oldest Baptist Church, but in this work the serious errors inscribed on the bell of the First Church, and on its tablet in the Meeting House, are pointed out; and it is shown, that instead of being the First Baptist Church established in this country, two others were constituted before it; but one of these being extinct, it is now the second as to age of the Baptist denomination in America.

TO the Hon. Court of Probate of the Town of Newport, to be holden on the 25th day of November, A D, 1850. The undersigned, Guardian of MARY ELIZABETH WARD, daughter of the late Silas Ward, a Minor, over fourteen years of age, would respectfully represent, That all her property consists of one thirtieth undivided part of the Real estate in Newport, of the late James Boone, Senior, dec., valued by the appraisers at fifty dollars, as appears by the Records of this Hon. Court, and one fifth part of such property as shall be left to the heirs of the said Silas Ward, dec., after the payment of the debts. Your petitioner would further represent, that after consuming the personal property of the said deceased and applying the proceeds of the real estate already made under the direction of this Hon. Court, the balance required to make the deficiency due the creditors of said Silas, will be so small that the selling their undivided sixth part of the "Boone Estate" and applying the proceeds to the payment of the creditors of the said Silas Ward, they may prevent the sale of their homestead. Wherefore your petitioner, consulting as he believes the best interest of the said Mary E. Ward, prays this Honourable Court to grant him the privilege of joining the other children of the said Silas Ward in a public or private sale, as guardian aforesaid, in the sale of her interest in the said "Boone Estate," and of applying the proceeds of such sale, as aforesaid; and as in duty bound will ever pray. BENJ. MUMFORD, Guardian.

PROFESSOR A. C. BARRY'S
TRICOPHEROUS OR MEDICATED COMPOUND,

INFALLIBLE for renewing, invigorating, and beautifying the Hair, removing Scurf, Dandruff, and all affections of the Scalp, and curing Eruptions on the Skin, Diseases of the Glands, Muscles, and Integuments, and relieving Stings, Cuts, Bruises, Sprains, &c., &c. With this preparation, "there is no such word as fail." The best journals in America, medical men of the highest eminence, prominent citizens of all professions, and ladies who have used it for years in their dressing rooms and nurseries, admit with one accord, that, for imparting vigor, gloss, luxuriance, and curl to the hair, eradicating scurf and dandriff, healing wounds, curing contusions, sprains, stings, &c., and relieving diseases of the skin, the glands, and the muscles, it has no equal among the multitude of compounds advertised in the public prints, or used in private practice. In cheapness as well as efficacy, Barry's Tricopherous is unrivalled. The immense cash sales of the article, have enabled the inventor to supply it at retail at twenty-five cents per bottle, which is from fifty to one hundred per cent. less than the price of any other preparation now in use. The scientific treatise on the hair and skin (embracing valuable directions for the culture and preservation of Nature's choicest ornament,) in which each bottle is enclosed, is alone worth the money.

The affinity between the membranes which constitute the skin, and the hair which draws its sustenance from this triple envelope, is very close—All diseases of the hair originate in the skin of the head. If the pores of the scalp are clogged, or if the blood and other fluids do not circulate freely, through the small vessels which feed the roots with moisture and impart life to the fibres the result is scurf, dandruff, shedding of the hair, grayness, dryness, and harshness of the ligament and entire baldness as the case may be. Stimulate the skin to healthful action with the Tricopherous, the torpid vessels, recovering their activity, will annihilate the disease. In all affections of the skin and of the substrata of muscles and integuments, the process and the effect are the same.—It is upon the skin, the muscular fibre, and the glands, that the Tricopherous has its specific action, and in all affections and injuries of these organs, it is a sovereign remedy.

Sold in large bottles—*price 25 cents*—at the Principal Office, 137 Broadway, New York. For sale by the principal Merchants and Druggists throughout the United States and Canadas, and by R. J. TAYLOR, Newport, and J. Balch & Son, Providence, R. I. apr30 6m

A RARE CHANCE TO MAKE MONEY.

FOR SALE, cheap, an exhibition of a novel and attractive character, which can be travelled with and exhibited for a trifling cost, it is with one exception the only one in the country, and is offered for sale, as the proprietor has other business which prevents his travelling with it. It embraces more than 100 different views of various subjects, each view covering about 100 Square feet, the whole forming a collection of nearly 100 splendid paintings which exhibits a greater variety of interesting subjects, and more extensive scenery than any exhibition in the country. If a young man with a small capital, desirous to make money or to any one capable of attending to it, it offers an inducement which is rarely met with. The cost of exhibiting it for one night is less than 25 cents. The price is $175

TO THE LADIES.

WASHING, BLEACHING AND CLEANSING FLUID, the greatest labor-saving article yet discovered. By its use, washing machines and boards are entirely dispensed with, and not one quarter the labor is required to do the washing of a family.

The Fluid is a chemical compound of sufficient strength to extract all foreign substances from the cloth, by simply boiling a small quantity of it with the clothes, and without the slightest injury to the most delicate fabric.

The expense is not more than that of the soap ordinarily used, and besides this it will be seen that the great wear and tear of clothing consequent upon the old method of hard rubbing upon a board, and the use of the pounding barrel, is wholly avoided, and an *immense saving* is thus made. It is emphatically the female's friend.

☞ *Warranted to give perfect satisfaction, or the money will be refunded.*

MORE LIGHT.

As the evenings are getting longer, it is of great importance to economise in our *lights*, and to see that your Lamps are in good burning order. And as this branch of our business I have paid particular attention to for a long time, and have my arrangements always made, to give the public a fresh and good article at the lowest prices, we invite all that have not tried our Pine Oil, and Burning Fluid to call at once, for it stands in the same proportion to quality as our safety Camphene does in comparison with the trash furnished from New York at a less price, and as I am the only manufacturer of Camphene in Rhode Island I dont hesitate in saying I can give the public a better and fresher article than can be purchased elsewhere.

SCROFULA

If thousands of cures of Scrofula, Cancers, Syphilis, and other severe diseases of the blood—and if the VERY SMALL QUANTITY which was used of a Medicine to effect cures of such diseases, be any proof of the purifying medical power in the Medicine which has subdued and conquered such diseases, then [illegible] experience the criterion that—

BRANT'S INDIAN PULMONARY BALSAM

cures very many of the most strongly marked and developed cases of PULMONARY CONSUMPTION—*cures undoubted cases of ulcerated and diseased* LUNGS—*such* APPARENT CURES *as were never before cured by any other medicine. So afflicted persons were some of the afflicted persons, as to have been pronounced by physicians and friends to be* ACTUALLY DYING. *Some, who had their burial clothes made, have been cured, and are* [illegible]*; others, who it was said would not live another day, are now as well and hearty as they ever were.*

It possesses all the cleansing and purifying virtues nearly as powerful and active as the preparation which we call

BRANT'S INDIAN PURIFYING EXTRACT.

The Balsam differs from the Extract, because it possesses *several medications which are peculiarly adapted to, and are essentially necessary for, the cure of*

COUGHS AND CONSUMPTIONS,

and all diseases of a pulmonary nature—such diseases as usually prove so fatal under ordinary treatment, when they attack the

Breast, Throat, Lungs, and Heart.

This BALSAM HEALS AND CURES ULCERS in the LUNGS, and elsewhere *internally*, as *certainly and easily* as the PURIFYING EXTRACT cures and heals ulcers *externally*. This Balsam cured NINE cases of Cough and Consumption out of TEN, after all other remedies have *failed to do good.*

Thousands of Consumptions

and *Chronic Coughs* abundantly prove its *unfailing efficacy* in such diseases, and its undoubted curative power, and soothing, healing properties, in the following complaints and diseases, viz.: *Spitting of Blood, Bleeding at the Lungs, Pain in the Breast and Side, Night-Sweats, Nervous Complaints, Palpitation of the Heart, Cholera Infantum, Dysentery and Summer Complaints in Children and Adults*, and ALL FEMALE WEAKNESSES.

CONSUMPTION.

A DYING WOMAN CURED!

We state this cure, to prove the POWER TO SAVE LIFE when this BALSAM is used, even after the person is *considered by physicians and friends to be in the last stages of disease*—actually DYING—and, in this case, so FAR GONE, *that the SHROUD and BURIAL-CLOTHES were bought!* For *the particulars of this case, and the respectable and undoubted proof of all the circumstances and facts, we refer to our* PAMPHLETS.

This cure was effected on Mrs. ZIBA DYKEMAN, of *Ballston Spa, Saratoga County, N. Y.* We can prove, beyond a doubt, many other *almost equally hopeless*, and *unaccountable cases of Coughs and Consumptions CURED*, which were *pronounced incurable* by SKILFUL PHYSICIANS.

A DOCTOR CURED!

DR. J. W. FRENCH, of *Hillsdale, Hillsdale county, Michigan*, about the 1st of January, 1848, wrote as follows: I have been in the regular practice of medicine in this place for nine years, but was obliged to quit the practice of my profession in consequence of ill health. I was so severely afflicted with a *Chronic Disease of the Lungs*, as to convince me that I had the CONSUMPTION, past doubt. I coughed almost incessantly, night and day, and had severe pains and soreness in my chest, side and breast. I tried the remedies recommended by the most skillful of the profession, all to no effect, excepting the nausea and debility caused by them. I was prejudiced against patent medicines, and have no faith now in them generally. But I was induced as an experiment, more than through faith—to try a bottle of BRANT'S INDIAN PULMONARY BALSAM; and I do here acknowledge, for the benefit of the afflicted or whom it may serve, that the effect of its use on me was the most prompt and salutary of any medicines I ever witnessed the effect of in all my practice. *My cough was immediately relieved*, and in about eight or ten days I was free from cough, soreness of the chest, and pain, and now consider and *pronounce myself* A WELL MAN."

Dr. French is now a respectable druggist at Hillsdale.

FITS, FITS, FITS.

Messrs. J. K. LIPPINCOTT & SON, respectable merchants at *Hillsgrove, Sullivan county, Pennsylvania*, wrote to us, May 12, 1848, stating, among other BENEFITS which had been derived from the use of BRANT'S PULMONARY BALSAM, that one of their customers had just informed them that her child, which had been subject to FITS *for several years*, was cured by the use of BRANT'S BALSAM.

Would soon be in a Grave.

Mr. WILLIAM D. JENNINGS, a merchant at *Pierpont Centre, Ashtabula county, Ohio*, wrote to us, October 2, 1848, and stated a cure of CONSUMPTION which the use of *Brant's INDIAN PULMONARY BALSAM* had effected in Mr. WILLIAM CROCKETT, of an adjoining town. He said Mr. Crockett had sought relief from the best physicians and numerous medicines, but found none, for the fatal hold of that unrelenting monster, *Consumption*, had taken fast hold on his vitals, and was so destroying and debilitating his body, that he was a mere skeleton. He was *given up by* his physicians and all friends, *as one who would soon inhabit a grave.* But even in this last extremity, strange and marvellous as it may seem, yet it is true, that the use of only *five bottles* of BRANT'S INDIAN PULMONARY BALSAM has unclenched the hand of the destroyer, and restored Mr. Crockett to health, and he is now a *healthy, hearty, rugged man!*

S. D. DANN, *Esq., merchant and postmaster at Jefferson*, an adjoining town, wrote to us about the same time, and stated that he was acquainted with Mr. CROCKETT, and testified to his CURE, *and all the above-named facts.*

Could not Live a Day longer!

Messrs. E. B. CALDWELL & CO., of *East Orange, Otsego Co., N. Y.*, respectable druggists, wrote to us: "We have just heard, through Mr. Wildeman, a respectable citizen of this place, of an important cure of *Consumption*, which BRANT'S INDIAN PULMONARY BALSAM has performed on the wife of an acquaintance of his, who resides in the town of Palerson, in this county. She had been long confined to her bed, and was so dangerously diseased, that her friends believed it impossible for her to *live more than* ONE DAY LONGER. But, when all other hope utterly failed, she commenced taking BRANT'S PULMONARY BALSAM, and its medical efficacy *has raised her* from a DYING SICK, so that she is now *going about and attending to her domestic household affairs and duties.* She acknowledges, and it is very evident, that she is indebted to BRANT'S BALSAM for her recovery from a long, severe, and dangerous sickness; and her friends and neighbors consider that medicine invaluable."

RAISED FROM THE GRAVE.

Messrs. PRATT & FOSTER, *merchants, of West Cornwall, Conn.*, said *BRANT'S BALSAM* had effected cures of such hopeless cases of CONSUMPTION *in their town*, that now no other cough-medicine could be sold there; that it *had raised some as if from the* GRAVE—some that physicians and all the friends said MUST DIE! One person, in particular, was so far gone, that his physician told him *it was useless to take any more medicine.* He then, when *all hope was left*, began to take BRANT'S BALSAM—*and is WELL—and is now as well as any he was!*

Many Consumptions Cured.

Mr. S. H. CLARK, merchant, *Clyde, Wayne county, N. Y.*, wrote to inform us that BRANT'S PULMONARY BALSAM sold readily at Clyde, and said: "If the statements of some of our most respectable people, and personal visible knowledge, can be relied on, its medical virtues have cured *many consumptive persons*, several of whom I am acquainted with, who were so hopelessly sick as to be considered, by physicians and all friends, past a possibility of cure; and yet, the facts are, BRANT'S BALSAM has restored them to PERFECT HEALTH!

LUNGS BLED—MUST DIE!

Mr. Z. S. TERRY, *merchant, Dyers, Genesee county, N. Y.*, wrote, August 24, 1848: "BRANT'S MEDICINE is doing wonders here. It has cured a man of *Consumption* that all the physicians had said *must die.* When he commenced taking Brant's Medicine, he could not raise his hand to his head; he *bled at the lungs*, and every symptom seemed to indicate that he must die; but, astonishing to all, he's now able to labor, and rides all over the county. He used *only five bottles.* It has also cured a young lady of *Consumption* in Orleans county, which her father *says no doctor could cure.*"

Mr. MILLER, a merchant of the same place, has certified to the truth of the above *statement.*

Was believed past Cure!

Mr. CORNELIUS H. SMITH, merchant, *Collins Centre, Erie Co., N. Y.*, January 16, 1849, said: "Your BRANT'S INDIAN PULMONARY BALSAM and BRANT'S PURIFYING EXTRACT are nearly all sold, and I want immediately another supply, for they sell more rapidly, and *give better satisfaction*, than all the other medicines we have for sale. The *Pulmonary Balsam* has raised a lady here from a bed of *6 months* sickness, which all the doctors had given up as INCURABLE. They said she MUST DIE with a *Consumption of the Lungs.* After all had pronounced the case HOPELESS, she commenced taking *BRANT'S BALSAM*—and now she is well."

CHRONIC DYSENTERY,

and SUMMER COMPLAINTS, in *children or grown persons*, cured *without any failure whatever.* Also—

CHOLERA INFANTUM

No mother need ever mourn the death of her child by this child-destroying complaint, when teething in warm weather—*Cholera Infantum*, or what is called SUMMER COMPLAINT—if "BRANT'S PULMONARY BALSAM" be administered to the child. It should, however, in such cases, be used in *larger or large doses* as the directions on each bottle prescribe, until the complaint is checked.

DOCTORS CALL IT WONDERFUL!

DOCT. IRA JOHNSON, *of Lexington, Greene Co., N. Y.*, wrote to us, January 1st, 1849: I became acquainted with some of the astonishing effects of your BRANT'S INDIAN PULMONARY BALSAM, by having witnessed some most *wonderful* cures of CONSUMPTION produced by its use, in Monticello, Sullivan Co., New York about a year since; and have since felt anxious that its great efficacy might become more generally known. The last summer I had a brother in law quite sick with consumption, and I felt confident, from what I had seen of the efficacy of BRANT'S BALSAM, that if I could procure it for his use, it would cure him; and as we could not find it in this county, I went to Sullivan county, about ninety miles, and purchased several bottles; but before I returned with the medicine, he died. One of my neighbors was then very much afflicted with pain in the breast and side, and with such a stricture and tightness across his chest, that he breathed with great difficulty. He used one bottle of the medicine that I brought, and it gave immediate relief and cured him. My wife has used another bottle, and she says it has done her more good than all the other medicines she ever took. From the benefit those persons have derived, and from my recommendations, from what I had previously heard and seen of its good works, many persons here are now wanting the medicines; and as there is no agent in this [illegible], they have persuaded me to write for an agency.

Yours, respectfully, IRA JOHNSON.

DOCTORS COULD NOT CURE.

Mr. CORNELIUS H. SMITH, merchant, Collins Centre, Erie Co., N. Y., January 16, 1849, said: Your BRANT'S INDIAN PULMONARY BALSAM, and BRANT'S PURIFYING EXTRACT, are nearly all sold; and I want immediately another supply, for they *sell more rapidly*, and give *better satisfaction*, than all the other medicines we have for sale.

DR. CHRISTIE'S GALVANIC BELT, BRACELET NECKLACE

AND

MAGNETIC FLUID

For the Removal and Permanent Cure of all NERVOUS DISEASES,

And of those Complaints which are caused by an impaired, weakened or unhealthy condition of the

NERVOUS SYSTEM.

This beautiful and convenient application of the mysterious powers of GALVANISM and MAGNETISM, has been pronounced by distinguished physicians, both in Europe and the United States, to be the *most valuable medicinal discovery of the Age.*

Dr. CHRISTIE'S GALVANIC BELT

and

MAGNETIC FLUID,

is used with the most perfect and certain success in all cases of

GENERAL DEBILITY,

Strengthening the weakened body, giving tone to the various organs, and invigorating the entire system. Also in FITS, CRAMP, PARALYSIS and PALSY, DYSPEPSIA or INDIGESTION, RHEUMATISM, ACUTE and CHRONIC, GOUT, EPILEPSY, LUMBAGO, DEAFNESS, NERVOUS TREMORS, PALPITATION OF THE HEART, APOPLEXY, NEURALGIA, PAINS in the SIDE and CHEST, LIVER COMPLAINT, SPINAL COMPLAINT, and CURVATURE of the SPINE, HIP COMPLAINT, DISEASES of the KIDNEYS, DEFICIENCY OF NERVOUS and PHYSICAL ENERGY, and all NERVOUS DISEASES, which complaints arise from one simple cause—namely,

A Derangement of the Nervous System.

☞ In NERVOUS COMPLAINTS, Drugs and Medicines *increase the disease*, for they weaken the vital energies of the already prostrated system; while under the strengthening, life-giving, vitalizing influence of Galvanism, as applied by this beautiful and wonderful discovery, the exhausted patient and weakened sufferer is restored to former health, strength, elasticity and vigor.

The great peculiarity and excellence of

Dr. Christie's Galvanic Curatives,

consists, in the fact that they arrest and cure disease by *outward application*, in place of the usual mode of drugging and physicking the patient, till exhausted Nature sinks hopelessly under the infliction.

They strengthen the whole system, equalize the circulation of the blood, promote the secretions, and never do the slightest injury under any circumstances. Since their introduction in the United States, only three years since, more than

60,000 Persons

including all ages, classes and conditions, among which were a large number of ladies, who are peculiarly subject to Nervous Complaints, have been

ENTIRELY AND PERMANENTLY CURED,

when all hope of relief had been given up, and every thing else been tried in vain!

To illustrate the use of the GALVANIC BELT, suppose the case of a person afflicted with that bane of civilization, DYSPEPSIA, or any other Chronic or Nervous Disorder. In ordinary cases, stimulants are taken, which, by their action on the nerves and muscles of the stomach, afford *temporary* relief, but which leave the patient in a lower state, and with injured faculties; after the action thus excited has ceased. Now compare this with the effect resulting from the application of the GALVANIC BELT. Take a Dyspeptic sufferer, even in the worst symptoms of an attack, and simply tie the Belt around the body, using the Magnetic Fluid as directed. In a short period the insensible perspiration will act on the positive element of the Belt, thereby causing a Galvanic circulation which will pass on to the negative, and thence back again to the positive, thus keeping up a continuous Galvanic circulation throughout the system. Thus the most severe cases of DYSPEPSIA are PERMANENTLY CURED. A FEW DAYS IS OFTEN AMPLY SUFFICIENT TO ERADICATE THE DISEASE OF YEARS.

CERTIFICATES AND TESTIMONIALS

Of the most Undoubted Character,

From all parts of the Country could be given, sufficient to fill every column in this paper!

AN EXTRAORDINARY CASE,

which conclusively proves that

"Truth is stranger than Fiction."

The following letter, narrating one of the most remarkable events in the annals of Medical Science, is from the

Rev. Dr. Landis, a Clergyman

of New Jersey, of distinguished attainments and exalted reputation.

SIDNEY, New Jersey, July 12, 1848.

DR. A. H. CHRISTIE—Dear Sir: You wish to know of me what has been the result in my own case, of the application of THE GALVANIC BELT AND NECKLACE. My reply is as follows:

For about *twenty years* I had been suffering from Dyspepsia. Every year the symptoms became worse, nor could I obtain permanent relief from any course of medical treatment whatever. My physicians were skilful and excellent men, but here their prescriptions failed. About *fourteen* years since, in consequence of frequent exposure to the weather, in the discharge of my pastoral duties, I became subject to a severe Chronic Rheumatism, which for year after year, caused me indescribable anguish. In the severer paroxysms, the skill of my physicians sometimes afforded me great relief; but this relief was only temporary. Further: in the winter of '45 and '46, in consequence of preaching a great deal in my own and various other churches in this region, I was attacked by the Bronchitis, which soon became so severe as to require an immediate suspension of my pastoral labors. *My nervous system was now thoroughly prostrated*, and as my Bronchitis became worse, so also did my Dyspepsia and Rheumatic affection—thus evincing that these disorders were connected with each other through the medium of the Nervous System. My sufferings were indeed severe, and I had no prospect other than being entirely laid aside from the discharge of those duties, and the performance of those labors in which my soul has ever found the highest of her joys.

But reasoning from effect to cause, I concluded that the *Nervous System* must be reached, before any hope could be indulged of my obtaining *relief* from these most distressing maladies. In the whole pharmacopœia there seemed to be no remedial agent which could reach and recuperate my Nervous System; every thing that I had tried for this purpose had completely failed. At last I was led by my friends to examine your inventions, and (though with no very sanguine hopes of their efficiency) I determined to try the effect of the application of the GALVANIC BELT AND NECKLACE, with the MAGNETIC FLUID. This was in June, 1846. TO MY GREAT ASTONISHMENT, IN TWO DAYS MY DYSPEPSIA HAD GONE; IN EIGHT DAYS I WAS ENABLED TO RESUME MY PASTORAL LABORS; NOR HAVE I SINCE OMITTED A SINGLE SERVICE ON ACCOUNT OF THE BRONCHITIS; AND MY RHEUMATIC AFFECTION ALSO CEASED TO TROUBLE ME. If time permitted, I could fill a sheet of paper with the details of particulars, but I can now only furnish this brief abstract. My Dyspepsia has *never returned*; the Rheumatism once in a while visits me, but not severely, and is easily arrested, and is manifestly being driven from its hold upon my system, and my Bronchial affection is *entirely cured.* Such is the wonderful and happy results of the experiment.

I have recommended the BELT and FLUID to many who have been likewise suffering from Neuralgic affections. They have tried them, WITH HAPPY RESULTS, I BELIEVE IN EVERY CASE.

I am, dear sir, very respectfully yours,
ROBERT W. LANDIS

DR. HOOFLAND'S
CELEBRATED GERMAN BITTERS,

Prepared by

DR. C. M. JACKSON,

AT THE GERMAN MEDICINE STORE,

120 *Arch Street, Philadelphia.*

Their power over the above diseases is not excelled—if equalled—by any other preparation in the United States, as the cures attest, in many cases after skillful physicians had failed.

These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and lesser glands, exercising the most searching powers in weakness and affections of the digestive organs, they are withal, safe, certain and pleasant.

READ AND BE CONVINCED.

Chas. Robinson, Esq., Easton, Md., in a letter to Dr. Jackson, January 9, 1850, said—

"My wife and myself have received more benefit from your medicine than any other we have ever taken for the Dyspepsia and Liver disease."

"The Tenth Legion," published at Woodstock Va., January 10, 1850, said—

"A GREAT MEDICINE."

"We have uniformly refrained from recommending to the public any of the various Patent Medicines of the day, unless thoroughly convinced of their value. Among those we consider worthy of notice is the *German Bitters*, invented by Dr. Hoofland, and prepared by Dr. Jackson, in Philadelphia. One instance in particular, in which the superior virtues of this medicine has been tested, has fallen under our observation. During the last summer, a son of Mr. Abraham Crabill, of this county, was very seriously afflicted with Liver Complaint, and after trying in vain various remedies, he purchased a bottle of the Bitters, and after using it, was so much relieved of his distressing malady, that he procured another bottle, and is restored entirely to health."

READ FURTHER A FEW FACTS

From "The Weldon Herald," published at Weldon, N. C., January 25, 1850, which said—

"*Patent Medicines.*"

"It is very seldom that we make any allusion to Patent Medicines, either approving or otherwise. Unfortunately for the country, and for honest and conscientious inventors and venders of these medicines, the land is becoming flooded with quack preparations, that are made alone for profit, and are fit not even for the dogs. In this state of things it is hard to tell which are, and which are not worth having. If a person gets an indifferent medicine the first time he purchases, he is very apt to condemn the whole of them and buy no more, and inventors must only blame those of their number, (who ignorantly combine plain medicines together for the purpose of making money,) for the ill success which attends the effort of the deserving."

"We believe Dr. C. M. Jackson's 'Hoofland's German Bitters,' to be a most excellent medicine, and one that should be highly popular in these days of Temperance—for they are altogether Vegetable in their composition, without one drop of Alcoholic Spirits in them. This medicine is innocent, but strengthening in its effects, and richly deserving of an unbounded popularity, which, when it becomes known, it will, no doubt, fully enjoy."

Judge M. M. Noah said, in his "Weekly Messenger," January 6, 1850,

"*Dr. Hoofland's German Bitters.*—Here is a preparation which the leading presses in the Union [illegible] recommending, and the reason is obvious. It is made after a prescription furnished by one of the most celebrated physicians of modern times—the late Dr. Christopher Wilhelm Hoofland, professor to the University of Jena, private physician to the king of Prussia, and one of the greatest medical writers Germany has ever produced. He was emphatically the enemy of *humbug*, and therefore a medicine of which he was the inventor and endorser may be confidently relied on. He specially recommended it in Liver Complaint, Dyspepsia, Debility, Vertigo, Acidity of the Stomach, Constipation, and all complaints arising from a disordered condition of the stomach, the liver and the intestines. Nine Philadelphia papers express their conviction of its excellence, and several of the editors speak of its effects from their own individual experience. Under these circumstances, we feel warranted, not only in calling the attention of our readers to the present proprietor's (Dr. C. M. Jackson's) preparation, but in recommending the article to all afflicted."

MORE EVIDENCE.

The "Philadelphia Saturday Gazette," the best family newspaper published in the United States. The editor says of

DR. HOOFLAND'S GERMAN BITTERS:

"It is seldom that we recommend what are termed Patent Medicines to the confidence and patronage of our readers; and, therefore, when we recommend Dr. Hoofland's German Bitters, we wish it to be distinctly understood that we are not speaking of the nostrums of the day, that are noised about for a brief period and then forgotten after it has done its guilty race of mischief, but of a medicine long established, universally prized, and which has met the hearty approbation of the faculty itself."

Evidence upon evidence has been received (like the foregoing) from all sections of the Union, the last three years, and the strongest testimony in its favor, is, that there is more of it used in the practice of the regular Physicians of Philadelphia than all other nostrums combined, a fact that can easily be established, and fully proving that a scientific preparation will meet with their quiet approval when presented even in this form.

That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt after using it as directed. It acts specifically upon the stomach and liver; it is preferable to calomel in all billious diseases—the effect is immediate. They can be administered to *female or infant* with safety and reliable benefit, at any time.

BEWARE OF COUNTERFEITS.

This medicine has attained that high character which is necessary for all medicines to attain to induce counterfeiters to put forth a spurious article, at the risk of the lives of those who are innocently deceived.

Look well to the marks of the genuine.

They have the written signature of C. M. JACKSON upon the wrapper, and the name blown in the bottle, without which they are spurious.

LIGHT! LIGHT! [illegible]

The Handsomest, Cheapest, and Best Article [illegible] for Light, is

MARSH'S PATENT OIL.

THIS is a new invention, recently introduced, and now very extensively used by the public.

Mr. Marsh is constantly receiving, [illegible] home and from abroad, the very highest testimonials of the true merits and great superiority of his new Oil, over everything before used for light. Among them we select the following:

MARSH'S PATENT OIL.—This is the name given to a newly invented Oil, for producing light, which has just been introduced to the public by Mr. Marsh. Having tried it ourselves, we can speak from experience, and do not hesitate to award it a high order of merit. It is entirely free from grease or smell while burning, and is not liable to the too common objection of almost all burning fluids, that of explosion. It gives a beautiful and steady light, is much handsomer than oil, and costs less. For a slight expense, common glass lamps may be fitted with new tubes, and the oil burnt in them.

We recommend a trial to those who would obtain a beautiful light.—[Boston Journal.]

WASHING, BLEACHING AND CLEANSING FLUID.

THE greatest labor-saving article yet discovered! By its use, washing machines and boards are dispensed with, and not one quarter of the labor is required to do the washing of a family.

The Fluid is a chemical compound of sufficient strength to extract all foreign substances from the cloth, by simply boiling a small quantity of it with the clothes, and without the slightest injury to the most delicate fabric.

The expense is not more than that of the soap ordinarily used, and besides this it will be seen that the great wear and tear of clothing consequent upon the old method of hard rubbing upon a board, and the use of the pounding barrel, is wholly avoided, *immense saving* is thus made. It is emphatically the female's friend.
